

Green Policy

Dorsett Shepherds Bush

We envision a Dorsett community of responsible and educated people who are environmentally conscious, practice social responsibility in their daily lives and inspire others to do the same.

We commit to operating in an economically, socially and environmentally responsible manner whilst balancing the interests of stakeholders.

We strive to be a leader in corporate and sustainable development, caring for our employees and guests, seeking to enrich the quality of life for the communities in which we operate, and serve as good ambassadors of the environment.
